

# Let Go Of Faith

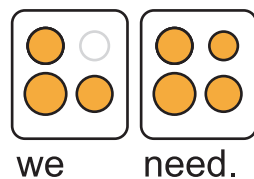

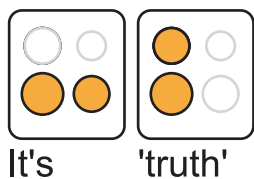

for SMULE'S  
iPhone Ocarina

Root: G  
Mode: Ionian

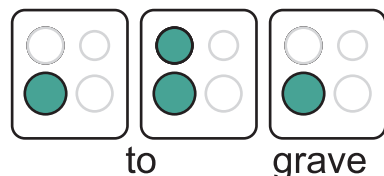

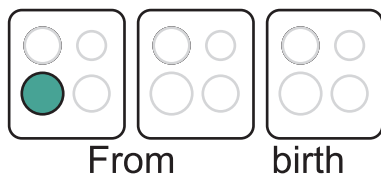

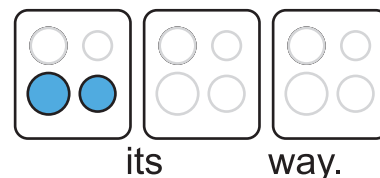

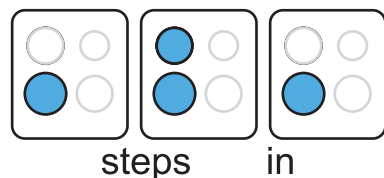

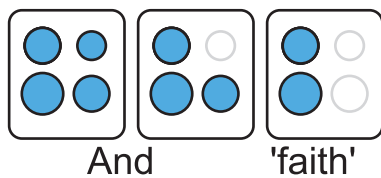

Traditional Hymn  
Arrangement by Manda  
New Lyrics by Manda

Let go of 'faith'  
It's 'truth' we need.  
And 'faith' steps in its way.

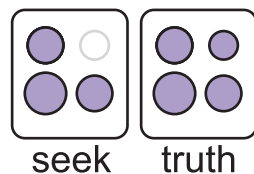

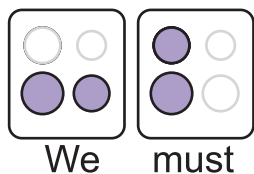

From birth to grave  
We must seek truth  
Or live as haunted slaves.

*second verse*

If you claim you know  
You don't learn more  
There is always *more* to know

As we live and love  
And work for peace  
Seeking truth is how we grow
